Opening for the position of Associate Professor in Economics of Agricultural Development

Faculty of Agriculture and Life Science at Hirosaki University is pleased to announce an opening for an associate professor position at the Department of International Agriculture and Horticulture in Economics of Agricultural Development. Please refer to the details below for further information. We would appreciate it if you could forward this information to anyone who may be interested in applying.

This notice is also listed on our homepage in the “Opening for a Teaching Position” section (<http://nature.cc.hirosaki-u.ac.jp/other/koubo/>), albeit written only in Japanese.

## Notice

(1) Position: full-time at Department of International Agriculture and Horticulture, Faculty of Agriculture and Life Science

(2) Hiring Conditions

1) Specialization: Economics of Agricultural Development

2) Eligibility: Individuals who can satisfy all the following requirements.

⊖ The candidate must have a Ph.D. (or an equivalent degree from a university outside Japan) and demonstrate exceptional research and teaching abilities.

⊖ The candidate must have ample teaching experience, and have published at least ten publications, including books, original papers or peer reviewed papers in academic journals, and at least three of them were published within the past five years.

⊕ The candidate must have at least five years of experience in either research or teaching since completing a doctorate program by the time of being hired for this position. If the candidate has completed only a bachelor's or master's degree, the years of research and education experience must be approved as equivalent to the completion of a doctoral degree.

(3) Required Documents

1) A curriculum vitae (academic and career record beyond high school graduation)

2) A list of research achievements (refer to our homepage for classification of achievements and notation rules)

3) Off prints or photocopies of up to 10 major publications including books, original articles, or peer reviewed articles

4) Brief description of the academic significance of five or less of the publications in 3)

5) Teaching achievements

6) Description of your achievements about regional alliances and contribution to society

7) Description of your activities in academic and social communities

8) Description of your prior research activities and your future plan for education and research (up to 2000 words in each)

※Use our specified forms for documents 1), 2), 5) and 6), which can be downloaded from our homepage.

The submitted documents will be evaluated even if they may contain errors. The document 2), listing academic achievements, tends to contain most errors. Therefore, please prepare all the documents with care.

(4) Application Deadline: Thursday, June 30, 2016

Applications delivered after the date will not be accepted.

(5) Expected Date of Employment: Saturday, April 1, 2017

(6) Mailing Address and Contact Information

Hirosaki University, Faculty of Agriculture and Life Science

General Affairs, General Affairs Group

3 Bunkyo-cho, Hirosaki, Aomori 036-8561, Japan

Phone: +81-172-39-3748

Fax : +81-172-39-3750

E-mail: jm2745@hirosaki-u.ac.jp

※The candidate must submit documents as a set either in person or by mailing them to the above address. If the documents are submitted by mail, indicate “Application for Department of International Agriculture and Horticulture Associate Professor of Agricultural Development Economics” in red on the front of the envelope and send it by registered mail.

(Notes)

1. The education courses offered by the Department of International Agriculture and Horticulture include Agriculture and Horticulture course and Agricultural Economics course.
2. The Department of International Agriculture and Horticulture is engaged in the comprehensive studies in various fields of agricultural sciences, including pomology, crop science, vegetable science, floricultural science, animal science, agricultural machinery, agricultural management and marketing and distribution of agricultural and livestock products at both national and international levels.
3. The successful candidate is expected to teach general education courses English, specialized undergraduate education courses (Economics of Agricultural Development, International Trade of Agricultural Products, English for Science, Overseas training, Seminar in Agriculture and Horticulture, Field Work Practice, Internship, Seminar of Food and Agricultural Economics, Graduation Research, etc.), and graduate courses (courses in each specialization area, Special Research, Problem-Specific Research, Special Practices, etc.). For some of these courses, the teaching workload may be split between several professors.
4. The successful candidate is expected to be actively engaged in education and research on international agricultural development by linking theoretical social sciences with practical approaches from a development economics perspective. A foreign national candidate must possess enough Japanese language skills needed for daily business operations.

5. Our Faculty is part of the United Graduate School of Agricultural Sciences, Iwate University, which offers a doctorate degree and is a consortium with Iwate University, Yamagata University, and Obihiro University of Agriculture and Veterinary Medicine. The hired candidate must pass a qualification screening process to be part of the faculty of the United Graduate School and to supervise doctorate students.
6. The Faculty may ask candidates to participate in interviews or present their research. In such cases, travel expenses are paid at their cost.
7. Salary: An annual salary in accordance with the provisions of Hirosaki University.

**【Further notes】**

Hirosaki University promotes equal opportunities for men and women, and we adopt a position discrimination (or affirmative action) policy. Where two or more candidates are assessed as being of equal merit, we will hire a female candidate. For more information on our teaching and research support, child-support, etc., please refer to the Office for Promotion of Gender Equality homepage, (written in Japanese) (<http://www.hirosaki-u.ac.jp/equality/>).

Hirosaki University welcomes applications from international applicants.

At Hirosaki University, if the course is identified as a Teacher Training Certification Course, the teacher who offers this course will be affiliated to the “Department of Teacher Training” in addition to his/her basic affiliation to the “Areas of Agricultural and Life Science, Institute of Science and Technology”.
