

International Lecture and Seminar by

Dr. Richard L. Ehman

Professor of Radiology at Mayo Clinic

Fri. 18th April 2025

Lecture at Room 63 in the School of Health Sciences

Seminar at the Communication Center of the School of Medicine(MCC)

Dr. Richard L. Ehman

is a renowned physician and scientist known for his contributions to **medical imaging**, serving as a consultant at Mayo Clinic and holding the title of Blanche R. and Richard J. Erlanger Professor of Medical Research.

He developed **magnetic resonance elastography (MRE)**, a noninvasive technique critical for diagnosing conditions like liver fibrosis and cancer. Holding over **40 patents**, his innovations have significantly impacted global medical imaging practices. Supported by prestigious institutions, he has **published over 600 scholarly works**, making substantial contributions to the field.

Lecture: 14:30 ~ 15:20

Perspectives on the Unique Innovation Strategies and Impact of Medical Imaging Technology

Seminar: 16:00 ~ 17:00

MR Elastography: Lessons Learned in the Journey from Invention to Standard of Care

Networking session: 17:10 ~ 18:10 at MCC

情報交換会参加申込QR (4月15日まで) →

Lectureは主に学部生、Seminarは主に大学院生・教職員向けですが、それぞれどなたでも聴講いただけます。

オンライン参加をご希望の場合は右のQRコードよりお申し込みください
